LEARN MORE ABOUT THE TRACKMAN TECHNOLOGY

Understand more about the the world's leading coaching and teaching technology, and get personal guidance to understand and apply the latest research and discoveries in golf technology. This workshop will help you become familiar and confident with the fundamental concepts of how to read and understand the TrackMan data.

We will present and educate in the latest features from TrackMan, and how these can benefit your game, both for full-swing and putting. Focus will be on hands-on practical use.

PRESENTERS

Niklas Bergdahl, Product Manager

PGA Professional with background as coach for the Swedish National Team. Travelling world-wide educating coaches and players in TrackMan data, both full-swing and putting.

Nicklas Draaby Olsen, Nordic Sales Manager

Experienced TrackMan expert with background as Club Fitting expert at Titleist in the Nordic countries.
